

# Turmeric

Turmeric is used to flavour and to colour food stuffs. India contributes 87% of world turmeric export. It is a principal ingredient in curry powder. The colour curcumin extracted from turmeric is used as a colourant. Turmeric is also used as a Dye in Textile industry. It is used in the preparation of Medicinal Oils, Ointments and Poultice. It is Stomachic, Carminative, Tonic, Blood purifier and an Antiseptic. It is used in Cosmetics. The aqueous extract has Biopesticidal properties. Our quality turmeric caters all international needs regularly.

# Turmeric
